On-Campus Housing Parking

Guidelines

Important Information:

As an on-campus student, you qualify for overnight parking with a *Housing Monthly Permit*. To park a vehicle on campus, you **MUST** add the housing permit. You are **NOT** eligible to purchase an Undergraduate Permit or to add an Unpaid Lots Permit to your account. Doing so will result in citations and/or vehicle boots.

If You Receive a Citation:

Important

- Do NOT ignore a citation.
 - Citations may happen if:
 - You are parked with the wrong permit
 - Your permit is not registered correctly
 - Your license plate information is incorrect

What To Do

- Check your parking account and your vehicle information to verify that everything is registered correctly.
- Contact our office, and we will answer any questions you might have at traffic@byu.edu or (801)422-8754.

Ignoring Citations

- Unpaid citations may result in your vehicle being booted.
 - Before the boot can be removed, you will be required to pay_all outstanding citations as well as the boot fee.

Important information about O vs 0

Utah does **NOT** use the letter O in their license plates. It will **ALWAYS** be the number 0. If you have a plate from outside of Utah with an O or a 0 and have questions about it, contact us at traffic@byu.edu or (801)422-8754.

What if...

The vehicle I'm driving changes?

You are able to switch which vehicle is active on your permit as many times as you need to without canceling the permit. To see step-by-step instructions on how to do this, view the "BYU Parking in a Nutshell" presentation on security.byu.edu.
